

9/12/22

Dear Board of Education Members,

At our last admin meeting we were discussing celebrations at the start of the school year. I was able to share what a difference it is to have a full time assistant principal at Maple Elementary. We have been able to meet with teachers and have meaningful conversations around academics & student achievement. This will make

such a positive difference for our students & staff. Thank you for your support in reinstating this position.

Sincerely,  
Dr. Rena Hawkins
